Weekly Topics

June 20 - July 1: Life on the Farm

Explore area working farms such as Simmons Farm, Sweet Berry Farm, Coggeshall Farm and others. Discover how children have lived on farms around the world over the years. Pick berries, create strawberry shortcake, tarts & jam, make "berry beautiful" artwork such as strawberry juice paintings and tie-dye tee-shirts.

July 5 - 15: Construction Junction

Experience the excitement of building. Experiment with many different types of materials. Make bridges out of marshmallows and toothpicks, elaborate houses of cards, and pyramids out of sugar cubes. The session will end with a Home Depot kids building session!

July 18 - 29: Let's Join the Circus

We'll cast and rehearse an actual circus. We'll make tickets, costumes, props and banners. Parents are invited on the last day to attend the KinderArt circus, enjoy the popcorn and be amazed by the daring acts.

August 1 - 12: Science Rocks!

Take photos with only the sun as a camera, make rain, explore colors and conduct many other science experiments, big and small. The session will include a visit with POW Science for some hands-on fun.

August 15 - 26: Pirates, Mermaids & Sea Treasure

Ahoy Maties! Explore the beaches of deserted islands for booty. Create masterpieces of art from your sea-bounty! Fashion sun catchers, treasure boxes and beach bags, wall hangings and photo frames, and more. Share grog and the singing of sea shanties with families on the last day of the Sea-lebration.

August 29 - September 2 : Storming the Castle

Explore castle life. We will make a life size dragon, design coats of arms, make armor and decorate crowns and capes. On the last day of the week we'll hold a jousting tournament (with foam noodles) and a medieval banquet.

It's the fun and innovative learning experience you've come to expect from us! Our summers of adventure foster creative thinking and nurture children's natural zest for life. Campers' days are filled with music, art, dramatic play, dance, special projects, field trips, outdoor fun and adventure!

In our safe, structured environment, our caring staff encourages the development of each child's unique strengths. Campers discover their individual talents and interests, explore self-expression and stretch into new experiences in this memorable fun-filled summer program.

We design our camp to ensure that every camper has all the ingredients for a great summer.

Campers enjoy a summer that takes advantage of all the wonders of our Aquidneck Avenue home nestled up to Easton's Pond. Plus, campers explore popular summer activities throughout our lovely Aquidneck Island.

We offer stimulating experiences for every age and campers have fun with peers in age-appropriate small-sized groups.
